and benefit.

MORGAROT
Verein

Morgarot Association

A Verein is an Association, a club or organisation. It is a coming together of people who share a joint purpose. With the aim of supporting the foundation of the verein, Hof Morgarot, it consequently enables for as many permaculture farms as possible. Morgarot Verein was founded on 6.12.2020. We want on the one hand by the means of our Learning Program to support Farmers and self-sufficient farms as well as through mergers with other fields of activity develop new technologies for Permaculture Agriculture.

Why become a member?

Our co-worker Sonja Schegg, explains why joining the Morgarot is so important:

„With a membership you support not only the Morgarot farm, but also numerous permaculture farms. Because our goal as farmers is by the means of our knowledge, and to share this knowledge to support the association's income as well as to encourage.”

Nature is one of the most important parts of our family in which we share our life, which is why it is our task to protect them. In order to do beautiful things like walking through the woods, being able to continue enjoying skiing in the mountains, the time has come, something good for you to do for Nature.

“I wish that we don't just think about it - Not only think about changing something but that we act accordingly.”

The Morgarot Association shall be a first step that supports working with nature as well as living with nature.

Registration

We are glad from the bottom of our hearts about your registration to the association Morgarot!

Membership – Egg

CHF 35.– per year

Latest issue of the „Hofleben“ magazine

Membership – Chick

CHF 75.– per year
